6-8 p.m.
Presentation at 6:30 p.m.

Tuesday, April 1, 2008
Valley Vista High School – Media Center
15550 N. Parkview Place, Surprise
6-8 p.m.
Presentation at 6:30 p.m.

The Arizona Department of Transportation (ADOT) will host public open houses March 25 and April 1 to share draft study recommendations with the public for the US 60 (Grand Avenue) Feasibility Study – Loop 303 to Loop 101. The purpose of the study is to identify, evaluate and prioritize potential future improvements along this segment of Grand Avenue for implementation in Phase II (2011-2015) of the voter-approved Regional Transportation Plan (RTP) for Maricopa County. The RTP provides \$64 million in funding in Phase II for “unspecified” improvements to Grand Avenue from Loop 303 to Loop 101 that are consistent with planning studies conducted by the Maricopa Association of Governments (MAG).

Project recommendations from the study would be in addition to the two planned widening projects between Loop 303 and 83rd Avenue, which are scheduled to be constructed in Phase I of the RTP (2006-2010) and will widen Grand Avenue to three continuous lanes in each direction.

The public will have the opportunity to learn about the proposed projects and comment on the draft study recommendations. Public input, as well as engineering and cost considerations, will be factored into the final study recommendations, which ADOT will submit to MAG for its consideration for inclusion in the RTP.

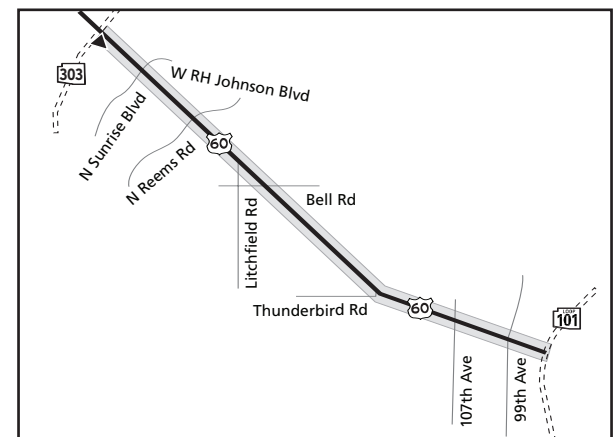

Meetings will be held in an open house format, where study information, maps and displays will be available. Representatives from the ADOT study team will be present to answer your questions and address any concerns after the presentation. The same information will be provided at each meeting.

For additional technical and project information, or to submit comments in writing, please contact:

Timothy Tait, c/o Northwest Corridor Community Outreach Team, 1146 N. Mesa Drive #102-298, Mesa, AZ 85201
